Information for people with walking difficulties and wheelchair users

All areas relevant for testing meet the quality criteria of the label "**Accessibility certified – accessible for people with walking disabilities and partially accessible for wheelchair users**".

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- There are five parking spaces for people with disabilities.
- All rooms and facilities that can be used by guests are accessible without steps/at ground level.
- The outdoor paths are at least 250 cm wide and mostly easy to walk and drive on. They have a maximum longitudinal gradient of up to 8%.
- All doors/passages that can be used by guests and are raised are at least 90 cm wide.
- The checkout counter is 75 cm high at its lowest point.
- Seating is available.
- There are two public WCs for people with disabilities, which can be accessed from at least one side (at least 80 cm). There are folding grab rails to the left and right of the WC.
- Guided tours are offered for people with walking disabilities and wheelchair users. Advance booking is necessary.
- Mobile or fixed seating is available for people with walking disabilities, which can be used during the tour.

Information for people with hearing impairments and deaf people

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- There is no alarm.
- There is no audio induction loop.
- Guided tours for people with hearing impairment and deaf people (in German sign language) are offered. A reservation in advance is necessary.
- Guided tours with FM systems (e.g. headphones, neck loops) are offered for people with hearing impairments.

Information for visually impaired and blind people

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- Assistance dogs are welcome.
- The entrance via the Tourist Information is visually rich in contrast, but not recognizable by a tactile change of floor covering.
- Outdoor paths have visually contrasting but no tactilely detectable sidewalk boundaries.
- The signage is designed in clearly legible and contrasting font.
- Information for orientation cannot be detected tactilely (e.g. relief or prismatic writing).
- There are no obstacles, e.g. objects protruding into the path/room.
- There are no guided tours offered for people with visual impairments and blind people.
- Information is not available in Braille or prismatic writing.

Information for guests with cognitive impairments

Some **information on accessibility** are listed below. For detailed information please see the evaluation report.

- The name of the garden show is clearly recognizable from the outside.
- There is no colored or pictorial guidance system.
- Information is not displayed with pictograms or pictures.
- Guided tours for people with cognitive impairments are not offered.

Information on the "Tourism for All" labeling system

All establishments and locations certified with the label "Tourism for All" meet the following quality criteria:

- Data and information on accessibility are collected and checked on site by **external, specially trained evaluators**. The method is not based on self–assessments.
- Data on accessibility is available **in detail** and can be viewed by the guests.
- At least one staff member has successfully passed a **training** on **"Accessibility as a comfort and quality feature"**.

The labeling – explanation of the logos and pictograms

The label **"Information about Accessibility"** indicates that detailed and verified information on accessibility is available for all groups of people.

The label **"Accessibility certified"** is based on "Information about Accessibility". It means that the quality criteria defined for specific groups of people are met partially or completely.

The label **"Accessibility certified"** is available in two requirement levels:

"Accessibility certified: partially accessible".
The quality criteria are partially fulfilled for the pictured group of people, i.e. the establishment/location is partially accessible for wheelchair users. The "i" in the pictogram indicates that it is recommended to read again carefully whether the offer meets all (your oder the guest's) individual requirements.

"Accessibility certified: accessible".
The quality criteria are fulfilled for the pictured group of people, i.e. the establishment/location is accessible for wheelchair users.

There are defined quality criteria for **seven groups of people** and a **specific pictogram** for each group.

People with walking disabilities

Wheelchair users

People with hearing impairment

Deaf people

People with visual impairments

Blind people

People with cognitive impairments
